From the President's Desk

Good afternoon,

It has been a little while since I have sent out an update, so here we go with some information which you may or may not be aware of.

On a sad note, we lost one of our members at the beginning of the year - Ian Dicker. Ian attended a lot of our events with his wife Glenda, his good mate Phil Gordon and Phil's wife Lyne. Ian drove a stunning Black 1938 Ford Coupe (Hot Rod). A quite man with a smile on his face and a passion for his vehicle. Our condolences to Glenda and the family.

You may have seen that one of our members Kay De Luca and her late husband, Tony De Luca received OAMs, for services to Motoring Clubs and the Community. Well done Kay & Tony, for all your efforts and congratulations from MCCNSW.

I hope you have managed to look at the facelift to the Club's website. There has been a concerted effort to update the Website and address a few teething problems that members had brought to our attention.

I won't say to much, I would rather you have a look and see the amount of information that is available to our members.

COVID has put the pause on several Club activities and Events, but we are continuing to push forward to get things moving again, albeit with some restraints being put in place. ALL events can only be attended by members who have been Double Vaccinated, until further notice.

Our Australia DAY – Shed Tour has been postponed to a date yet to be confirmed. Will keep you posted.

Next General meeting is booked for Tuesday the 22nd of Feb, at Carnarvon Golf Club. Come and join us for a meal (6.00pm) with the meeting starting at 7.00pm. Hope to see you there.

Our ***“Annual”*** meeting is being scheduled for the Tuesday the 29th of March. Information and Voting details will be emailed & posted on our website, shortly.

Keep an eye on the Events pages of the Website for the latest information on upcoming Events, which may be of interest to you and make sure you book in to attend.

Hope to catch up with you soon & Stay Safe

Should you have any questions, or require further information, please do not hesitate to contact me
