

Chips Ahoy!

Wednesday, 28th February dawned with bright sunshine, so Gail and I set off for the appointed rendezvous spot at Cowan to link up with other club members for our scheduled run to Avoca. We pushed off around 10.30am, but unfortunately President Dennis along with Phil and Lyne Gordon had to make an early exit from the convoy to return home. Organiser Mark was being chauffeured on the day by David Rollason, so they led the procession along the old Pacific Highway, which is a delightful road for enthusiastic drivers (but watch out for the myriad bikers – both motor and pedalling varieties!).

Todd Hamilton, Renna McKenzie and Pres. Dennis

Renna's lovely little Mercedes SLK

We all rolled into the Avoca Beach Surf Club carpark without anybody coming to grief and were soon seated in the very accommodating premises of Avoca Beach Seafoods, where the expansive menu left nobody going hungry, and provided a magnificent vista out over the beach.

The travellers from the south were joined by members Arnold Klintworth, Tony Povey and Paul and Janet Devine who are residents from the area. Everybody was well pleased with Mark's organisation and expressed that ideal to him several times over. After the scrumptious seafood had been well and truly devoured over a couple of hours, people began to drift off back to suburbia before the evening peak hour rush started.
