

National Motoring Heritage Day at Kurrajong.

Sunday, 18-5-2024.

A crisp and bright Sunday morning saw Gail and I heading west along the Windsor Road making for Stanley Park at East Kurrajong to join with like-minded enthusiasts for the annual National Motoring Heritage Day – our venue sponsored by the local Magic Metal Motor Club. This event is distributed amongst several venues around the state, so individuals are not obliged to attend one particular site....you can pick a venue that is most convenient for you!

Arriving just prior to 9am, we were ushered around to our allocated area and after settling in and greeting other arrivals, a tour of the assembled assorted machinery (both mobile and stationary) was the order of the day. One of the most interesting displays was on show inside the local school of arts hall where there were many craft and hobby items to entrance the viewers.

For those needing nourishment and who didn't provide for themselves, there were plenty of "fry-ups" available.

I would say that there were over 100 classic vehicles on show, with the army vehicles and "big-rig" trucks an interesting diversion.

Alice, Cam and Gail.

Bob Adby's Jaguar.

Your humble scribe's "pony car"

Lovely Falcon XP hardtop coupe

Todd Hamilton's spiffing Morgan

Nifty VW camper "Penny"

"The Mob" at rest

Allana's long-time love "Rusty"

Writer of the day: **Andyroo.**
