

My Car Club NSW.

Mid Week Drive,

Wednesday, 19-6-2024.

Warragamba Dam.

Meeting point at Macca's, Wentworthville.

A good attendance of 28 members, with some first-time new members also joining us.

Our Central Coast participants.

Tony and co.

The BMW crew.

Some of the ladies.

So after a coffee and a bite to eat we left Macca's and headed to Warragamba Dam with some of us taking the listed route and others different ways but we all ended up there at the same time! I haven't been there since a school excursion many years ago!

The visitors' centre was very interesting and informative.....the dam was officially opened October 1960, three months after I was born!

With great sunny weather the vista from the viewing platform and the lookout was great.

Then we headed off to the lunch venue at the Warragamba Workers & Sporting Club which was just down the road.

A nice modern club and the food on offer was good.

Again, as with all these events, it was a good opportunity to catch up with fellow members, meet some new ones and check out their cars.

David's CLK 320 and Todd's Morgan.

Dick Israel (Dennis' neighbour)

Luke's 430 AMG.

Jeric's and Don's BMWs.

Kurt's Falcon ute.

Arnold and Angela's Mercedes.

Tony's R170.

Karen and Ken's Falcon.

Another great drive and I am eagerly looking forward to the next one.

Thanks to Mark Hertz for his ongoing efforts in organising.

In closing it's about smiles per mile and not miles per gallon

Cheers:**Luke**
