

7 Mitchell St. Marrickville.

DATE: Wednesday the 7<sup>th</sup> May, 2025.

Seeing that this was a Carpaccino event there was obviously no drive preceding this event, just the usual meetup at a predetermined time, in this instance 11.00 am.

It's always a great day for a cup of coffee/tea (in a pink paper cup into the bargain!) especially in premises such as these...an abundance of cars and bikes in varying stages of roadworthiness everywhere!

As usual all attendees were on time, obviously keen on partaking in a doughnut feast!

And no one was disappointed ...nothing like freshly cooked doughnuts straight from the oven! Yum!

Some really nice cars made the journey on the day....some Mercs, a Mustang, a new member's VW, a Daimler, a Mini, etc..... and it was good to see Henry once more.

After drinking and eating, some members took advantage of Jenny and Ray Goodman's invitation to retire to their 3 bedder apartment in the new Wicks development in Marrickville for tea and coffee and so the festivities continued!

Thanks Jenny and Ray.

All in all another enjoyable get together for the club.

Thanks, of course, must also go to Mark, our vice president and events director.
