

CARPACCHINOS.

The East Bank....Nepean Restaurant Precinct.

Wednesday, 9th April, 2025.

Meeting time, 11.30 at the Goji Bar and Restaurant.

A cerulean sky meeting a beautiful dawn greeting a lovely, sunny day....what more could be required for a quick dash down the freeway to the banks of the Nepean river for lunch at the wellknown Goji restaurant, popular in the area for its modern Asian cuisine! Price range into the bargain!

The restaurant is a Local Business Award winner and deservedly so.

14 hungry members (Renna was first on the scene) made the trip and were definitely not disappointed with the many offerings available on the extensive menu although one member who shall remain nameless snuck in some aussie fish and chips!

An unlikely trio.

Some of the attendees.

Some of the delicious food on hand.

With the large carpark brimming with cars, there was a dearth of members' cars close enough for photographs!

Good food, good company, good day, and plenty of natter!

Low key day but very enjoyable.

Well done once again Mark.
