

SPORTIES CARPACCINO
Wednesday 22nd October 2025.
Meeting time 11.30.

Moorebank Sports Club, known as "Sporties," was founded in 1970 by a group of volunteers to encourage junior sports in the Moorebank area. It became an incorporated club in 1981 and has since grown into a large community leisure precinct. The club has undergone significant renovations and expansion over the years, adding new facilities like a brasserie, playground, and various bars and entertainment areas.

THE LIGHT HORSE LEGACY.

The land on which Moorebank Sports Club proudly stands today is steeped in rich military history. During the early 20th century, the surrounding land was used as a remount depot for the famous Light Horse Brigade, especially the Holsworthy area...even today certain areas are still owned by the military.

An easy drive of 15 minutes was all the time it took for Lyne and I to reach said destination thinking we would be the first arrivals but we were preceded by our fearless leader Denis, the major and Dick!

Our 2 tables had been booked under the name 'Denise' but after proving Dennis was not 'Denise' all progressed smoothly!

15 plus people from our club were on hand at Sporties today to partake of an enjoyable meal and convivial company....lots and lots of noise from our 2 tables indeed!

Food was tasty and very reasonably priced into the bargain ...no complaints indeed.

After an enjoyable repast time was called at 1.30 approximately with members slowly making their way to the main doors.

There was a gathering of members inspecting Michael's new Fiat bambino and what a mover it is. More info at a later date.

Thanks must go to Dennis today for stepping into the breach in Mark's absence. Well done indeed!

Ed.
