

Day 4.

Once again departure was timed for 9.00 from the Atura car park and once again the deadline was met, almost!

Due to late comers, some members decided to make their own way to Chrystie's Museum, via Corowa, to Tocomwal.

After passing through Corowa, the Birthplace of Federation, we finally arrived at Chrysties, Tocomwala 140 km drive!

And what a sight greeted us.....antique cars, old cars and probably the best collection of memorabilia in the Southern hemisphere....a veritable collector's paradise....and of course morning tea a la country style....homemade scones, tea, coffee et alia.

After our museum visit, lunch awaited us at Bushlands on the Murray....a great feed. Incidentally when the Murray floods, so does Bushlands! No problem, said Strait, a fresh meal of frogs' legs would be readily available.

For those who so desired, a quick tour of Tocumwal was undertaken....this especially takes in the aerodrome which was the RAAF Heavy Bomber Training Unit during WW2.

The day for most was completed after a stopover in Corowa at the Corowa Whisky and Chocolate Company...lots of special whisky, chocolate and licorice!

Next stop Albury.

Once again an interesting and informative day!
