

Shannon's display day at Eastern Creek.

Sunday 14th August, 2022

There was no set time for arrival with the result that cars were arriving at all times during the day! Also entry into the park was slow due to the large numbers of participants/spectators....but nevertheless it was great to see the Shannon's show happening after a 2 years' absence... even the attendance plaque read 2021.

A plethora of cars was present, from MGs to Mustangs, Packards to Porsches, Buckles to BMWs, Volvos, Cadillacs, Jaguars, et alia.....you name it, they were there!!

Even though some of our members are affiliated with one-make car clubs such as the Mini, Ford and Studebaker car clubs, My Car Club was well represented with about 18 cars taking part in the 1.00 pm lap of the race track....a Corvette, an RX7, David's E55 AMG, Dennis' R107 racing Tony's R107, Ken's SLK, and so on.

Even though many other car shows were happening elsewhere on the day, 1000 plus cars had made an appearance and the displays were, as usual, of the highest standard....this event is eagerly anticipated each year and this year's was not a disappointment.

An event to look forward in 2023!
